## **FUNDRAISING CHALLENGE**

The tradition of walking down the back stairs of Kanata House signifies the beginning of a fabulous adventure for each child at Camp Quin-Mo-Lac. We never imagined that when we held our final Vespers at the end of the 2019 season, we would not be welcoming campers back again in 2020.

COVID 19 has impacted our world in many ways. For Quin-Mo-Lac it has meant that all revenue normally generated from registration fees, rentals and our spring outdoor education season has disappeared. Our Board and staff are working hard to do everything they can to make sure that, when we can all safely return to camp, we will be here to provide the same quality Christian camping experience that has been the QML legacy for the past 70 years. The reality is, however, that we face a \$205,000.00 operating deficit for the 2020 season and we need your help.
